Duration	: 30 Hours

COURSE SYLLABUS:

Module I

Google docs, Google slide, google sheet, Google form,
Canva-Brochure

Module II

Overleaf -online latex typing
Typesetting mathematics – basics, symbols, equations, math mode environment.

BASIC ONLINE TOOLS

Certificate course
Offered by
Department of mathematics
SES College, Sreekanthapuram

Basic Online tools is a certificate course designed by department of mathematics to provide additional ways for students to demonstrate their learning

Course Objective

CO1 :Typesetting of journal articles, technical report, thesis, book and slide presentation.
Control over large document containing sectioning, cross-references, table and figures.

CO2:Typesetting of complex mathematical formulae. Advanced typesetting of mathematics.
Automatic generation of table of contents, bibliographies and indexes.

THE COURSE SUMMARY REPORT (2023-2024)

“Polymer Chemistry”

- 21 Students are enrolled in the course.
- Able to learn the theories of polymer chemistry.
- Students got insights about the synthesis, characterization and morphology of different polymers.
- All enrolled students that have successfully finished the course and successfully completed a written test on polymer chemistry.
- Students found the course interesting and useful for their curriculum.

PHP Certificate Course Syllabus

Module 1

Introduction of Web & PHP: What is PHP?, The history of PHP, Why choose PHP?, Installation overview

First Steps: Embedding PHP code on a page, Outputting dynamic text, The operational trail, Inserting code comments

Exploring Data Types: Variables, Strings, String functions, Numbers part one: Integers, Numbers part two: Floating points, Arrays, Associative arrays, Array functions, Booleans, NULL and empty, Type juggling and casting, Constants

Module 2

Control Structures: Logical Expressions- If statements, Else and else-if statements, Logical operators, Switch statements

Control Structures: Loops-While loops, For loops, Foreach loops, Continue, Break, Understanding array pointers

User-Defined Functions: Defining functions, Function arguments, Returning values from a function, Multiple return values, Scope and global variables, Setting default argument values

Module 3

Debugging: Common problems, Warnings and errors, Debugging and troubleshooting

Building Web Pages with PHP: Links and URLs, Using GET values, Encoding GET values, Encoding for HTML, Including and requiring files, Modifying headers, Page redirection, Output buffering

Working with Forms and Form Data: Building forms, Detecting form submissions, Single-page form processing, Validating form values, Problems with validation logic, Displaying validation errors, Custom validation functions, Single-page form with validations

Certificate Course 2023-2024

Name of the department	: Physics
Name of the certificate course	: Electronic Devices and circuits
Duration	: 43 Hours

COURSE SYLLABUS:

Unit I:

Resistor: different types of resistors, colour coding, current through series, series resistance, parallel resistance, balanced bridge DC voltage and current, Ohms law, alternating current, sine wave, peak r.m.s and average value, frequency, phase and period **(6 Hours)**

Unit II:

Voltage and current dividers, Kirchhoff's Laws, Mesh & Node, source transformation, Superposition theorem, Thevenin's theorem, Norton's theorem, Maximum power transfer theorem

(8

Hours)

Unit III:

Capacitor: Different types, capacitance, charging and discharging, capacitor coding, parallel and series C, energy stored, AC through C, X_C , voltage lags current, X_C and R in series, X_C and R parallel, impedance

Inductor: self and mutual inductance, transformers, X_L , voltage leads current, phase angle, X_L and R in series and parallel, impedance

(12 Hours)

Unit IV:

Semiconductors: Intrinsic, extrinsic, N-type, P-type, Majority and minority charge carriers, PN junction, depletion layer, barrier potential, biasing , reverse break down, depletion layer capacitance, PN junction diode, V-I characteristics, diode equation, ideal and real diode

Zener diode: breakdown voltage, characteristics, applications, light emitting diode, photo diode, photo conductive cell, solar cell, rectifiers (half and full wave), ripple factor, efficiency, rectifier with capacitor-filter, voltage regulator, Zener regulator

(10 Hours)

Industrial visit

(5 Hours)

Books for Reference

1. Basic Electronics Solid state : B. L. Theraja, S Chand Company Ltd, 5th edition
2. A text book of Electrical Technology: B.L.Theraja, S.Chand and Co.

Examination	2 Hours

Electronic Devices and circuits

Certificate course
Offered by
Department of Physics
SES College, Sreekandapuram

Electronic Devices and circuits is a Certificate course designed by Department of Physics for explaining various Electronic components and devices .

Course OBJECTIVE

CO 1: Students will be able to identify basic elements of electronic circuits

CO 2: Students will be capable of analyze the resistive network

CO 3: Students will be able to apply Network Theorems to resistive networks

CO 4: Students will be able to construct regulated diode rectifiers and RC filters

Course coordinator: Dr Rejith P P

ENGLISH FOR COMPETITIVE EXAMINATIONS

Time:1 ½ Hr

Maximum Marks:20

I. Answer any one of the following questions in not more than 150 words (1×5=5)

1. Define the various Parts of Speech?
2. Define Tenses? What are the various Tense forms.

II. Answer the following questions (1×5=5)

3. Read the passage and answer the following questions.

Secularism is the very soul of Indian society and the democracy. India has a tradition of co-existence, tolerance, cooperation, and mutual respect between all its social and religious groups. Islam came to India with Muslim conquerors. A large number of natives turned Muslims over the period and presently they make up the second-largest community of our nation. The contribution of Islam to Indian culture and civilization has been spectacular. It added variety, colour and richness to native heritage. Islam enriched India with architectural wonders, the most precious being 'Tajmahal', the symbol of aesthetic India. Christianity had preceded Islam to India. St. Thomas, the twelve disciples of Christ arrived in India to preach his message when St. Peter was in Rome. Parsis came to India in the 8th century to escape from religious persecution in Iran. They brought Zoroastrianism. Jews sailed to India 2000 years ago to settle down in Mumbai, Pune, Kochi, and Delhi. Hinduism itself was a religious conglomeration of thousands of sects having distinct beliefs, rituals, customs, and practices. Three nearly different religions branched out of it, namely, Buddhism, Jainism, and Sikhism having separate places of worship and holy books. In all, India remained a shining example of unity in diversity, nowhere else found in the world.

Honouring this eternal spirit of India, our constitution makers declared our nation to be a secular state without any discrimination. Although the people of

our country are deeply religious yet they don't harbour any ill will or intolerance against other faiths. Even during the freedom struggle, the leaders who led it made secularism a basic policy to rally all the people against the British. The secular polity was fiercely strengthened by Mahatma Gandhi. Himself a deeply religious Hindu, he had great respect for all other religions and faiths.

To divide the Indians, the colonial rulers tried to destroy the fine spirit of secularism by aiding and abetting communal forces. Some of our people forgot that sacred tradition and played in the hands of the British. Our country paid a terrible price for that lapse. India got divided into two nations and we lost the father of the nation, Mahatma Gandhi to the bullets of a degenerated fanatic who had no use for our secular legacy. It should teach us a lesson that only a secular spirit will keep India going.

- 1 What has been the tradition of India?
- 2 Which religions came to India from abroad?
- 3 What is the most precious gift of Islam to our country?
- 4 What has India been the shining example of?
- 5 What price India paid for its lapse in secularism?

III. Answer the following questions according to the directions provided (1×10=10)

4. That was really tough (add appropriate question tag)
5. Let us call it a day now, shall we? (identify the idiom and state its meaning)
6. Select appropriate antonym for the word 'random'

Venture, Systematic, Dominate, Tough

7. John gave Devi an expensive gift yesterday (convert into passive voice)
8. Rearrange the jumbled words to form a meaningful sentence

United Nations Organization as the successor of came into being the League of Nations

9. An university should promote the creation of new knowledge (correct the sentence)
10. _____ last part of _____ movie is very interesting (apply correct articles, if necessary)
11. Each of these boys _____ passed the exam (fill up using appropriate word, **have/has**)
12. Samir _____ (**be**) to Kashmir last summer (fill up using appropriate form of the verb in the bracket)
13. Here _____ (**be**) ten rupees. (fill up using appropriate form of the verb in the bracket)

Answers

Answer 1. The tradition of India has been secular based on co-existence, tolerance, mutual respect, and cooperation between all sections of the society and communities.

Answer 2. Christianity, Islam, Zoroastrianism and Jewish faiths came to India from the foreign lands.

Answer 3. ‘Tajmahal’ is the most dazzling gift of Islam to our country besides other architectural marvels. 4. India has been the most shining example of ‘*Unity in Diversity*’ in the whole world.

Answer 4. As a result of the lapse in secularism, our country was partitioned into two countries. We lost the Father of the Nation to the bullets of a communal-minded youth.
