## ONLINE TRADING IN STOCK MARKET

The Stock market is the market in which shares of publicly held companies are issued and traded. The Stock market can be split into two main sections. The primary market is where new issues are first sold through initial public offerings. Institutional investors typically purchase most of these shares from investment banks. All subsequent trading goes on in the secondary market where participants include both institutional and individual investors. Now a days transactions in stock markets made through online.

The Department of Commerce, S.E.S College Sreekanthapuram arranged a program called "ONLINE TRADING IN STOCK MARKET" for the Plus Two Students of most higher Secondary School Sreekanthapuram. This program is very helpful to the students because they got practical experience in online trading in stock market.

5/2/16 A visit to an old age home at Nellikunnu on 5/2/16.

In order to create social awareness among the students, a team and to sensitize the young towards the aged and the needy, students of our Department - were taken to an old age home at Nellikunnu - where they spent thought-provoking moments with the inmates who have been either neglected or become unwanted by the family. It was really a great experience.

'Students - is the role of a teacher' -

It is a great opportunity for those interested in pursuing a career in teaching. Also, it is a great help for those children at Kottoor School.

We have taken a project to help the neighbouring school children (C.P) at their studies.

Take advantages of opportunities to become involved with activities out of side of college, if possible.

Yes, this is the time to take all that you have learned and apply it to your teaching. So enjoy the students, they will make you smile everyday, enjoy the experience - it is something that you will carry along into your 'teaching career'.

Our Student - teachers, and the classes they are handling are - they are from T.II, B.S.

Our country is known for its rich culture and heritage. But the increasing number of oldage homes is a deep shame to our nation. Parents take care of their kids with utmost affection and unconditional love. They don't expect anything in return from their children. But they deserve to be respected and loved. Many children treat their parents as ATMs, they only want money from their parents but they don't respect them nor love them.

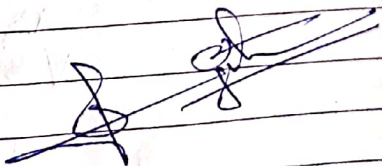

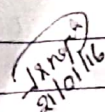

This attitude of younger generation have to be changed. Educational institutions have a great role to play in this situation. So we SFS college, commerce department take an initiative against this evil. Apart from usual classroom studies we executed an oldage home visit.

Students of 1<sup>st</sup> Bcom shows a keen interest in this initiative. They themselves collect money and purchase 50 kg rice, fruits and sweets and visit KARUNALAYAM OLDAGE HOME, Chennai on 21-01-2016. As like grandchildren they made talk with the peoples and present some money programs. The presence of children made the residents great happy. They share their stories and gave advices to students. Head of the department Sajeesh.T.I and Tutor of 1<sup>st</sup> Bcom Jasna.P accompanied the students. The visit was a great success.
